NFS Goal Card Event Big Success for Students and Local Charities

Goal Card holders see free movie admissions from their guests given to charity.

(Erwin, Tenn.) Nearly 500 area students, teachers and guests enjoyed a special showing of Disney Pixar's WALL-E movie Sunday at Johnson City's Freedom Hall Civic Center thanks to Nuclear Fuel Services, Inc. (NFS).

Teachers and students who presented their NFS Goal Card, earned by academic achievement, were admitted free. Their guests were admitted for \$1. Through those admissions, \$255 was collected and donated to Johnson City's Good Samaritan Ministries.

Also, the Science Hill Girls softball team sold drink and popcorn combos for \$1 and will use the money raised for tournament entry fees and travel costs.

The NFS Goal Card Program has been rewarding area students for their academic achievements with discounts at area businesses and special events just for them for twenty-one years.

Thousands of students from more than 50 schools in Washington, Unicoi and Carter Counties Schools as well as Elizabethton and Johnson City participate in the NFS Goal Card Program.
